League of Women Voters Hosts Forum to Discuss Redistricting Lines

By: YNN Staff

The League of Women Voters of the Rochester Metropolitan Area held an open forum on New York State's new Congressional district lines.

The forum covered the recent study conducted by the Center of Governmental Research regarding the recent change in redistricting.

The League of Woman Voters says it held the discussion to clarify any misconceptions regarding the new districts and to educate registered voters as to which districts will be representing them.

"People also look at where you might go to church, where your YMCA is or where your elementary building is and you consider that your community. Is it still the same community as it was when you voted before?," said League of Women Voters President, Katherine Smith.

Smith hopes the forum answered the community's questions and clarified any confusion voters had about the newly drawn lines.
