We look forward to seeing you!

Presidents' Corner

Temperatures and leaves are falling, but we in the League are not losing a beat in this busy time of year!

In our ongoing effort to help make our community aware of services and resources offered by various government agencies, our October forum featured Monroe County Board of Elections Commissioners Tom Ferrarese and David Van Varick. What a timely topic! They were also featured on "Connections with Evan Dawson" on WXXI 1370AM. Be sure to check our YouTube channel soon if you missed the forum.

In the same vein, our November forum will present Ted O'Brien, Assistant Attorney General In Charge (AAGIC), Rochester Office, and Assistant Attorney General Ben Bruce, who will provide an overview of the local AG's office, as well as some of their "affirmative" cases. These are matters where they represent the people of the State of New York against perpetrators of scams and frauds upon the public, and enforce compliance with laws designed to protect consumers, protect people's civil rights, and much more. Mark your calendar and bring your questions: Monday, November 14, at 7:00 P.M. at Asbury First United Methodist Church!

For the fifth consecutive year, we co-sponsored a candidate debate with WROC-TV News 8. This year, we offered the only debate between candidates for the 25th US Congressional District, incumbent Louise Slaughter and challenger Mark Assini. Media coverage and reviews have been outstanding – we're so pleased that our ongoing partnership with Channel 8 helps voters cast informed ballots. If you missed it, be sure to watch it online: <http://www.rochesterfirst.com/news/local-news/25th-congressional-debate>.

Our Advocacy Committee is looking for members! Each year, members visit our elected representatives to present the League's Legislative Agenda, then visit again as we have specific pieces of legislation or issues we support. In addition, committee members help keep other League members up-to-date on the progress of legislation or on issues in the public eye with articles in The Voter. The League receives guidance from LWWNYS and partners with several local organizations on a variety of issues, and Katherine Smith will be available for mentoring, so you won't be left alone to learn about the issues or how to advocate. If this sounds like something you'd like to try, please contact me at president@lwv-rma.org.

Thanks for all you do to make our League such a dynamic force in our community. Hope to see you at First Friday on November 4 and at the polls on November 8!

In League,

Mary Hussong-Kallen

OUR LOCAL ATTORNEY GENERAL'S OFFICE: WHAT'S IN IT FOR YOU?

I recently attended a gathering of local agencies called together to help a newly-appointed Assistant Attorney General learn about regional concerns in the area of civil rights.

The problems reported included lead contamination in homes and schools, discontinued stipends for prisoners upon release, housing discrimination, and many more! This new Assistant AG noted that her office doesn't only look for big, high-profile cases—it also prosecutes breaches of local ordinances and state laws.

I didn't know we had a regional AG office in Rochester, let alone why I might contact it. I had thought of civil rights as a federal issue. The meeting made me wonder how much we know about the non-elected parts of our government.

It turns out that former NYS Senator Ted O'Brien heads the Rochester office – and he readily accepted our invitation to speak to the League and the community at-large about the local AG's office – who they are, what they do, and what they can do if we contact them with our concerns and problems. Ted and Assistant AG Ben Bruce will provide an overview of the local office, including what are called "affirmative" cases. These are matters where the AG's office represents the people of the State of New York against perpetrators of scams and frauds upon the public, and enforces compliance with laws designed to protect consumers, protect people's civil rights, and much more.

You're WISE (Warmly Invited and Strongly Encouraged) to bring your questions to the Asbury First United Methodist Church on Monday, November 14, at 7:00 P.M. And please share this invitation!

Fair Election Practices Campaign (FEPC):

The FEPC (Fair Election Practices Campaign) has been very quiet. A good thing indeed! There is still plenty of time before the election for trouble to brew, but, thankfully, so far, so good. Jim Morris's Hearing Panel is fully staffed and ready to go if needed. The filing deadline for complaints is Friday, November 4, at noon. Let's all cross our fingers that there will be no need to meet and that this will be a year of fair campaigns.

Thank you to all Hearing Panel members who volunteered for this project.

The Committee: Jim Morris (Chairperson), Rob Brown, Ralph Esposito, Lois Giess, Channing Philbrick. **The Alternates:** Tom Frey, Peter Knapp, Susan Kramarsky, Jim Peters, and Sue Roberts. Your participation in this project is appreciated. Our League website lww-rma.org has FEPC updates.

Any League member interested in helping with planning FEPC 2017 is asked to contact Sheila Abeling. Your help would be very appreciated!

December Consensus Meeting on Legislative Procedures Update

Two years ago we participated in a LWVNYS consensus on whether there should be term limits for members of the state legislature. While the consensus was against term limits, many local leagues expressed an interest in having the terms of legislators be longer than the current two years. At the 2015 LWVNYS State Convention, the delegates approved the Board-recommended Program Update Study of our position on Legislative Procedures. The current study is looking at the section of the Legislative Procedures position that reads:

“The legislature should continue to serve as a part-time body. Terms for legislators should be longer, and possibly staggered.”

There are three parts to the consensus:

- Limits in outside income for state legislators
- Term lengths for state legislators
- Limits on length in leadership positions and committee chairs.

Please join us on Wednesday, December 8, at 4:00 P.M. at Brighton Town Hall for a presentation on these issues and a discussion of the consensus questions.

Poverty Study Group Preparing Spring Forum

The Poverty Committee met with representatives from the Catholic Family Center [CFC] and The Community Place on September 30. We discussed CFC plans for implementing the contract they had received from Rochester Metropolitan Anti-Poverty Initiative [RMAPI] to address poverty reduction in the neighborhoods of Beechwood/Marketplace Heights/EMMA.

This “Mentors for Success” pilot will provide a person-centered approach connecting people to jobs and strengthening support systems that help them retain jobs. Mobility Mentoring and the Family Independence Initiative [FII] are two creative approaches for families to gain access to connections, choice and capital. The FII program has been used in Boston successfully and mentors from Boston will be advising the local effort.

The committee, which includes Larry Burnette, Sandra Frankel, Hasana Martin, and Chris Pryor, met again on October 28 to discuss these programs and to prepare for a forum in the Spring. We welcome your joining us and bringing your ideas and questions.

Address to Monroe County Legislature

The following "Address to Monroe County Legislature in Support of Increased Childcare Subsidies" was presented by LWV-RMA Board Secretary Judy Sternberg at the October 12 meeting of the Legislature. (This address and those of other presenting agencies relies in part on information from our 2013 CGR Report, Child Care Subsidies in Monroe County, which was made possible by the Bee Bibby Endowment Fund.)

Good Evening, my name is Judy Sternberg, and I'm here representing the League of Women Voters – Rochester Metropolitan Area.

The League is a non-partisan organization, that among our other missions, studies and advocates for selected policy issues in our community.

Both the NYS League and our local League have a long history of strong support for quality childcare, including pushing for increased appropriations to subsidize the cost of quality childcare for low income working families.

And so here we are again today.

The League does not believe any of you are uninformed on the benefits that stable, reliable, quality childcare provides to struggling families and to our county.

- Reliable childcare that enables parents to stay in the labor force and be productive and trusted employees who show up on time, put in their full scheduled hours and optimize their earning potential.
- Stable childcare that provides peace of mind to parents and reduces the ripple effects of stress on families.
- Quality childcare that stimulates the cognitive, social and motor skills of children and prepares them for a more successful entry into the world of school.

The League does not believe any of you are unaware of the growing numbers of the working poor in our County.

Yet for many years not only have the number of subsidies to qualifying parents not risen, they have been cut. Funding now covers only about 20% of eligible children.

The stated bottom line has always been "inadequate resources" and the County has always claimed it was the State's responsibility to provide more funds. In truth it takes increased funding at all levels of government, Federal, State and County.

Well this year the State has done that. NYS has

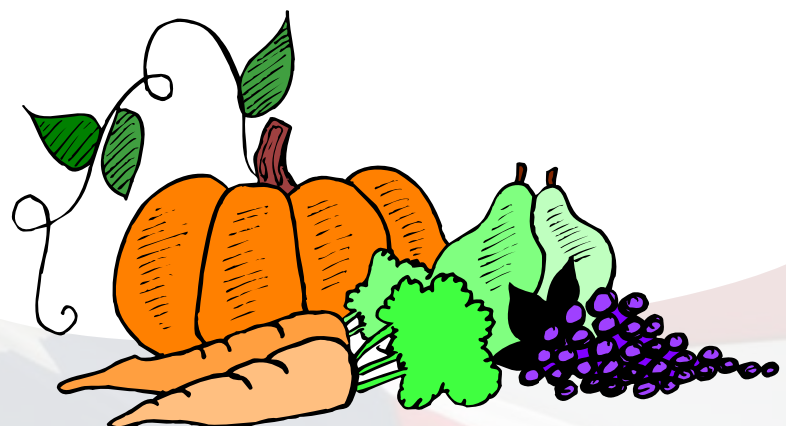

earmarked substantial sums of money for childcare subsidies.

The League of Women Voters – Rochester Metro Area believes Monroe County has received more state monies and is now in a position to raise the number of funded subsidies. We call on the County Legislature to now appropriate those funds.

Additionally, we call upon the Legislature to move ahead to meet the new federally mandated 12-month eligibility system. The new system will bring new expenses and we believe the County should begin allocating increased monies towards that purpose.

In this electoral year when citizen frustration with government has become so evident, you have the opportunity to get something of consequence done for many of our county residents.

The League respectfully urges you to do so.
